If that be true it is the first time the Lord has made a mistake since he sent this globe spinning through space. Governor Foraker compared Mr. Bryan to the river Platte, which is three thousand miles long and six inches deep, but he overlooked a very important difference, viz.: The river Platte is said to dry up occasionally. I saw a cartoon the other day representing Mc-Kiniey and Bryan in 1861. McKiniey had his uniform on, knapsack on his back, musket on his shoulder, going forth to war. Bryan was in short clothes, sitting in a high chair playing with a rattle, and he has been playing with it ever since. The people demand that the President shall bring to the discharge of the duties of his office careful study, patient thought, ripe experience and honest purpose. ## SNEEZED OUT HIS EYE.

Peculiar Accident to an Ohioan Who Took Snuff for a Cold.

CINCINNATI, Oct. 28 .- Charles Doran, a business man of Glendale, took a pinch of snuff for a cold. So severe was the sneezing that followed that the inferior oblique muscle of the left eye was ruptured and as he continued to sneeze the exertion forced the eye out of its socket. Doran says he felt as if something had broken in his head. With his right eye he saw the left optic hanging down his cheek. Dr. Heady replaced the eye and applied a lo-tion to the muscle. The eye was then bandaged so it could not fall out again. Dr. Heady believes the eye is not destroyed.

## PROF. BURR RETURNS.

He Talks About His Examination of Venezuelan Records. NEW YORK, Oct. 28 .- G. L. Burr, professor of history at Cornell University, returned on the steamship Teutonic to-day after spending some months abroad examining the archives of The Hague for official documents relating to the Vcnezuelan boundary. These documents go back to the sixteenth century. Prof. Burr found that some of the records had found their way to England, which necessitated his going to London to examine them. Prof. Burr was assisted in his investigations by Dr. DeHaan, of Johns Hopkins University. "My mission," said Prof. Burr, "was simply to find out the geographical and geological conditions, and I explored a great body of documents which previously had not been examined. In doing this I very naturally came across much good material, but the evidence was so vague that it will have to be interpreted by legal authority. Both in The Hague and in Lon-

don I was given every possible facility in making my examination. So far as possi-ble I tried in my own mind to arrive at no clusion. I was not sent there to draw clusions, but to explore documents, and I have no right to anticipate the conclusions of the commission. I have every reason, however, to believe that the question will be amicably settled. I know nothing whatever of the diplomatic negotiations. I saw by the newspapers that Sir Julian Pauncefote, the British embassador, was in England during my absence on the con-tinent, and I assume from what I read that his visit there had direct bearing on inter-national negotiations. I cannot say whether my discoveries are of value to either one er my discoveries are of value to either one side or the other. It would not be proper for me to do so. I have from time to time sent on reports to the United States commission, and am going to Washington this afternoon, where I shall make a full report. Until this report is submitted I do not feel that it would be proper for me to discuss the result of my mission."

Meeting of the Commission. WASHINGTON, Oct. 28.-The Venezuelan commission resumed its session to-day, and probably will meet very frequently from now until it completes its work. Andrew D. White was the only absentee. There was disappointment over the fact that Dr. Burr and Prof. DeHaan, who have been at work at The Hague securing original translations of manuscripts and documents bearing on the controversy, had not arrived, but the commission proceeded to consider other details pending their arrival. In accordance with the policy heretofore pursued by members of the commission, they declined to-day to indicate whether they were confronted with any difficulties which might prevent a harmonious agreement in their report. ous agreement in their report. Some time ago, however, Justice Brewer intimated that the report will be ready for submission by Dec. 1 at the latest, and this would seem to indicate that the members of the commission, who have been kept advised during the summer and fall of all developments, will reach a speedy conclusion once all the documents are officially laid

before them.

Great Outpouring of People and a Parade with Ben-Hur Floats Brought Up to Date.

THE POPOCRATS IN DESPAIR

MADISON COUNTY CHAIRMAN QUITS AND GIVES UP THE FIGHT.

Anything to Beat Johnson in Henry County-Blackmail and Slander Resorted to in Places.

NORTH MANCHESTER, Ind., Oct. 28 .-Never in the history of this little city was there a celebration of any kind which approached in any respect to-day's celebration in honor of the visit of James A. Mount and General Lew Wallace. Early last week the central committee and the two McKinley clubs of this place began preparations for a big day. A large attendance was anticipated, but the number of visitors greatly exceeded their wildest expectations. A special train bearing several hundred and accompanied by their famous escort club arrived early in the day from Wabash. Large delegations were present also from Silver Lake, Claypool, Kinzie, Packertown, Sidney, South Whitley, Liberty Mills, Roann, Disko, Laketon, Servia and Urbana. Many bands were present and enthusiasm ran high. A procession three miles long and containing dozens of large decorated wagons and many special features was formed at 11 o'clock. Hundreds of appropriate banners were carried in all parts of the long procession and many of them bore marks of great ingenuity and care in preparation. Perhaps the most amusing was a thirty-foot banner bearing a large portrait of candidate Bryan, from the mouth of which streaks of paint indicating mud and bearing the words "Bryan's \$50 two-minute speech at Laketon." Another feature that elicited much ap-

playse was a representation of the famous chariot race in "Ben-Hur." Two genuine chariots were drawn by four flerce black horses each. The horses were hitched abreast and the drivers were appropriately attired in robes and tunics. The first chariot carried a large portrait of McKinley, on which appeared the words, "Ben-Hur the victor." The second chariot carried a picture of candidate Bryan, with the words, "Messala, the vanquished." A conservative estimate placed the crowd at twelve thousand. Mr. Mount addressed the day meeting in his own peculiarly candid manner. As the audience was made up largely of farmers, the speech dealt almost exclusively with their interests. The speaker gave a clear and lucid explanation of the relation of silver to wheat and laid bare the errors in "Coin's Financial School." At the close of the speech the speaker was beseiged by the farmers, many who have heretofore voted the Democratic ticket, but who pledged him their hearty support. A number of names of former Democrats were added to the large McKinley Club list. General Wallace spoke at the evening meeting. He paid his respects to candidate Bryan in the most scathing terms and his manner carried conviction with every statement. His arraignment of Mr. Bryan for running on three different and conflicting platforms was new to his audience and the exposure of this three-faced monster will bear fruit to the cause of sound money.

## THROW UP THE SPONGE.

Madison County Democrats Acknowledge They Are Beaten.

Special to the Indianapolis Journal. ANDERSON, Ind., Oct. 28.-Political circles in Anderson were startled to-day by the announcement by Chairman W. S. Ellis, managing the Bryan campaign in Madison county, that the meeting that had been billed for Saturday night in Anderson, to close the campaign, had been declared off, and that the local work closed with the demonstration last night. The fact of the matter is, the committee realizes that their cause is hopeless and they are not able to prosecute it further with credit. It is claimed by prominent man-agers that the funds are all out and many of the assessments have not been paid. The conditions at Republican headquarters on the other hand were never so promising of success. The party is well organized for the final contest at the polls Tuesday and the secretary claims the county by major-

ities ranging from 1,200 to 1,500. Congressman Charles L. Henry was in Anderson to-day and predicted an overwhelming victory in the State for Repubwhenting victory in the State for Republicanism. In speaking about his own chances for election he gave the following estimates: Madison county, Republican majority, 1,000 to 1,500; Delaware county, Republican majority, 3,500 to 3,800; Randolph county, Republican majority, 2,200 to 2,500; Jay county, Republican majority, 300 to 500; Blackford county, Republican majority, 200 to 400; Wells county, Democratic majority. 1,000; Adams county, Democratic majority, 1,200. Mr. Henry places McKinley's majority in the district at 4,00) to 5,000.

## A SPEECH TO MINERS.

Ex-President McBride and W. C. Pomeroy at Brazil.

Special to the Indianapolis Journal. BRAZIL, Ind., Oct. 28.-Lincoln Hall was crowded last evening with people to hear addresses by Patrick McBride, ex-secretary of the United Mine Workers' Association, and Hon. W. C. Pomeroy. Mr. McBride opened the speaking with a very effective address, plainly depicting to the large number of miners present the cause of their situation. He produced figures showing the enormous amount of coal shipped to this ountry from Nova Scotia since the adopion of the Democratic tariff law reducing he duty from 70 to 40 cents on coal. He laimed it was necessary for the operators here to reduce the wages of the miners to compete with this cheap coal. Mr. Pomeroy has been a life-long Democrat, and voted for Cleveland. He said notwithstanding times were good under a Republican administration, he was anxious for a change four years ago. The experiment, he said, was more disastrous than anticion again. He claimed that we had sufficient money in the country, but the fear that the silver craze might be successful stopped all investments being made and there was no demand for labor. He claimed that Bryan is a tool in the hands of the Western sliver mine magnates, and he insisted that the laboring men of this country could not afford to sup-port him for the presidency. Mr. Pomeroy was given a great ovation.

## A HOPELESS FUSION.

All Combined Against Republicans in Henry County.

Special to the Indianapolis Journal. NEW CASTLE, Ind., Oct. 28.-But two headings are given the ballots of Henry county this year, namely the Republican. with the eagle, and the Citizens, with a shock of wheat. The latter represents a fusion of all elements not represented by the Republicans. This desperate attempt to down the Republican party in Henry county was not achieved without considerable assisted him in raising a McKinley pole. The gathering was the most enthusiastic ever held in the south part of this county. Mr. Burns has two sons who are voters and they with their father will vote for Mceffort. Some time ago the name of Charler A. Robinson, candidate for Congress, was

and with a wheat shock for device. When the election commissioners, consisting of County Clerk Hernly, M. E. Forkner and Ed Smith, met, the majority decided that all the devices should go upon the ballots similar to the national and State ballots in order that a more intelligent. order that a more intelligent vote might be cast. The fusionists claimed that this would confuse the voters and they instituted mandamus proceedings to restrain the board from further action. The case was tried before Judge Bundy, who rendered a decision in favor of the fusionists on the grounds that no device could be placed on grounds that no device could be placed on the ballot for which no petition had been filed. Consequently the ballot appears with-out the rising sun for the Prohibitionists or the plow for the Populists, or Jefferson's head for the gold Democrats, or Justice for the Nationalist, or arm and ham-mer for the Socilalists, or the rooster for Democrats. The question naturally arises will this fusion affect the general results in the county? First of all there are over two hundred gold Democrats in the county as shown by a recent careful poll. Every one of these, except the first voters, will come from the Democratic vote of two and four teams are and all will vote the Democratic vote of two and four teams are and all will vote the Democratic vote of two and four teams are and all will vote the Democratic vote of two and four teams are and all will vote the Democratic vote of two and four teams are are all will will vote the Democratic vote of two and four teams are are all votes the Democratic vote of two and the votes of two and two are two are two are two and the votes of two and two are four years ago and all will vote the Re-publican county ticket. The Republicans will get a portion of the Prohibition vote and a few scattering ones from the others and many will perhaps vote mixed tickets on both sides. In 1894 the Republican majorty over all was 1,307, and to cut this down the fusionists can truthfully claim nothing but a handful of silver Republicans. It does not take a very close observation to show that the county will go Republican by at least 1,200. The Citizens' ticket was manufactured by the Demo cratic managers and the various candidates whose names appear on it. The conglomeration under the wheat sheaf is composed of five Democrats, six Populists, one Prohibitionist and two silver Republicans.

#### BLACKMAIL IS POPULAR. Popocratic Scheme to Injure Sheriff

special to the Indianapolis Journal. NEW ALBANY, Ind., Oct. 28 .- A scheme originated by the Popocrats to place under arrest Robert W. Morris, Republican candidate for Representative, was nipped in the bud to-day by a premature exposure of their plans. It was the intention to file a charge against Mr. Morris of attempting to bribe voters, and it was thought the arrest would injure him in his race. On the contrary, the rumor caused great indignation among the Republicans and better class of Democrats and the scheme was abandoned. Mr. Morris served two terms as county auditor and is one of the most popular men in the county. Although this county gave Cleveland over 1,100 majority the Popocrats are panic-stricken and have but little hope of electing their ticket.

#### ALL AGAINST BRYAN. Johnson County Probibitionists Show Where They Stand.

Special to the Indianapolis Journal. FRANKLIN, Ind., Oct. 28 .- A hard blow for Bryanism came yesterday when Hon. M. Dunlap, State chairman of the Nathe report that he would vote for Bryan was false. He declared that "the temptation to get bimetallism is not sufficient to induce me to support a party which gives its consent and indorsement, openly or a business so radically wrong as the liquor traffic." He declared that he would there-

fore vote the entire National ticket. As the report had been circulated not only in this county but over the State that he and many others of his party would vote for Bryan, his declaration is very important. Numbers of former Democrats and Prohibitionists have come out openly for Mc-Kinley, while others have declared their ntention privately to vote against Bryanism. The Democrats received a severe shock this week when John H. McCrea, a lifelong Democratic worker and one of the most prominent farmers in the county, anand the entire Republican ticket. L. W. merchant has declared his intention of roting for McKinley. Others of the party are doing likewise. Several joined in the Republican parade last Saturday.

Excursion trains this morning brought thousands of visitors from all surrounding towns, while the farmers poured in by hundreds from every direction. The crowd was estimated at 8,000, about 2,500 taking part in the fore-ncon parade. This was the largest ever seen in the county, requiring one hour and ten minutes to pass a given point. In the parade were noticed several free-silver Republicans, who have hitherto been counted safe for Bryan. Hon. J. ## Ovation to Ex-Senator Johnson.

Special to the Indianapolis Journal. LAFAYETTE, Ind., Oct. 28 .- Hon. Francis Johnson, who represented Tippecanoe county in the Senate in 1883, was given an ovation in the opera house to-night, where he made a ringing speech in favor of Mc-Kinley and protection. His speech to-night was particularly addressed to workingmen. A German by birth, an American by adoption and choice, he declared that the true polic, to be pursued in this country was to follow the example of Germany and other old countries of the old world and buy nothing from any other land that we cou raise or manufacture ourselves. Mr. Johnson was frequently applauded, but labored under great difficulties in speaking, by reason of a recent severe illness. George P. Haywood presided at the meeting.

### Great Rally at Shoals.

Special to the Indianapolis Journal. SHOALS, Ind., Oct. 28,-The largest crowd ever congregated in Martin county assembled here to-day to de honor to the standard bearers of the Republican party and to hear an address by the Hon. Charles P. Lincoln, of Washington, D. C. There was the longest parade ever held in southern Indiana, composed of bands, horsemen, floats, vehicles and glee clubs from all parts of Martin county. The parade was variously estimated at three and a half miles long. Estimates on the crowd are given at 12,000. Enthusiasm was unbounded, and the McKinley forces are jubilant and and the McKinjey forces are jubilant, and expect to sweep the county.

Populistic Bullies Got Their Fill. Special to the Indianapolis Journal. MUNCIE, Ind., Oct. 28 .- A crowd of Henry county Populistic rowdies attempted to break up the Republican meeting at Oakville last night, and several fights resulted. The disturbers were from Springport and had sent word that the meeting could not

occur as advertised. It was the occasion of the visit of the Republican "Circuit Raili-ers," who have been on a campaigning tour for a week. The meeting was held in the schoolhouse as advertised and at its close the Republicans gave the bullies much more than they had contracted for. Fortunately no one was seriously hurt.

#### Peru Sound-Money Democrats.

At the regular meeting of the league Monday night resolutions were unanimously adopted condemning the outrages as manifestations of the lawless tendency of the principles in the Demo-cratic Chicago platform.

KNIGHT OF THE DISHONEST DOLLAR CONTINUES HIS ASSAULTS.

With Volubility as a Weapon He Storms Chicago from Early Morning Until Midnight.

HE TALKS TO TEN BIG CROWDS

AND TWICE PLAYS QUACK AND SPEAKS TO "LADIES ONLY."

No Prosecution of the Two Boys Wh Threw Eggs at the Bryan Parade on Wednesday.

CHICAGO, Oct. 28 .- Don Quixote Bryan, the Knight of the Dishonest Dollar, continued his crusade against the sound money legions in this city to-day. Mr Bryan made ten speeches in behalf of free silver, repudiation of contracts and the reorganization of the Supreme Court. Twice during the day he assumed the role of Dr. Quack and speke to "ladies only." Chicago is a big city and big crowds of people were gathered wherever the Knight made his assault. The largest crowds were at Battery D Armory, on the lake front.

During the afternoon Mr. Bryan stopped talking long enough to write a brief note that was intended to display his magna- Mo nimity. L. J. Henchett and Chauncey Foster, two young students of the Metropoli- Mo tan Business College, were arrested on the charge of throwing eggs at the Bryan parade yesterday. They confessed to the chief of police that they had thrown the missiles, but whether they said they had been hired by the local Popocratic managers is not known. Yesterday's parade was composed in part of some of the toughest men to be found in any cityhangers about barrooms and vile resortsand it is certain they would not hesitate at anything discreditable. When Mr. Bryan was informed of the arrest of the boys he sent the following note to Thomas Gahan, chairman of the Cook county Popocratic committee:

"I wish you would ask for the release of the boys arrested for throwing eggs. I am sure it was an act of thoughtlessness, and their arrest has doubtless been a sufficient

lesson to them and others.' This afternoon the chief of police released the boys, as no one showed any desire to prosecute them. Thus ends the attempt to work up sympathy for the Popocratic candidate. Before the prisoners had been released word was received from both of their families saying that the law could take its course, as no part in the defense would be taken by any of their relatives. TO "LADIES ONLY."

Mr. Bryan began his crusade this morning by talking to "ladies only" in St. Stanislaus Hall, on Noble street. He said, in

"I have had the privilege of addressing several audiences this year composed en-tirely or almost entirely of women, and I am glad to be permitted to talk to the mother and the wife and the sister, because their interests are wrapped up in the interests of the country. No policy can in-jure this country without injuring them no policy can benefit this country without benefiting them, and in any test where a question of right and wrong is presented, I believe that our wives and mothers are as quick to detect what is just and what cause in studying these questions a man may be surrounded by influences which rather prevent than aid his understanding of a subject, and there may be influences which pervert his judgment, whereas the women may be able to examine the question and with their instincts, detect where the wrong lies. If we can convince the women of the justice of our cause there is no campaign fund, however large, that can bribe the husbands and the brothers and he sons who go forth with the inspiration of these women behind them.'

A big noonday meeting of business men

at Battery D Armory, on the lake front, claimed Mr. Bryan's attention as quickly as he could be hustled through the several miles of streets from St. Stanislaus "If you are engaged in merchandise, engaged in the exchange of wealth, suppose that the prosperity of the producers de-pends upon you, you deceive yourselves. Wealth must be created before it can be distributed. Those who created wealth could live although you went out of busi-ness. You could not live if the producers of wealth go out of business. I believe that policy is best for this country which begins with those who toil and gives them first the inspiration to work and protects them in the enjoyment of rightful shares of the proceeds of their toil and proceeds from them up to the upper classes of society which rests upon them. I want to talk to you business men for another reason. I believe that many of the business men are being tyrannized over by financial influences. You point back to times of war to find your heroes. I tell you that the year 1896 has developed heroes in this Nation. I know business men who have been summoned before their bankers and told that if they insisted on talking for free silver their notes would not be extended. I know one man who was summoned into the bank and told that if he did not stop talking for free silver he would have to look elsewhere for accommodation, and that the man told his banker that he realized that he was in his power, that if he had a mind to be could call for the payment of his notes and close up his store, and wipe out all the profits of the years of industry. But he said, 'Sir, you may do it if you will. I believe that humanity is involved. You can take my property, but you cannot take my soul.' It requires heroism for a man to stand in the presence of a financial tyrant and bid him do his worst. My friends, I believe that the mercantile classes have suffered as much by government by banks as any other class of the people, and when I preach deliverance to the common people from the money changers I preach deliverance to the busi-ness men from tyranny of banks."

AS TO CONTRACTS. Mr. Bryan then proceeded with his usual free-silver speech, from which the follow-

ing sentences are taken: "I propose that the United States shall say that the mints of this country shall be opened to the free and unlimited coinage of silver on equal terms with gold at the present ratio and the money coined shall be alike a legal tender for all debts, public and private, and then I propose that we shall say to our foreign creditors that we intend to pay our coin obligations in either gold or silver. I propose that we shall say to them: 'Gentlemen if you consulted to to them: 'Gentlemen, if you conspire to make that silver dollar worth less than the short time ago and they made a difference between coin bonds and gold bonds, charging for the risk they took, and now let them have the risk they were paid for. You say they have a right to charge us more because of the risk they took; and then we have not the right to exercise the outlier which the right to exercise the option which they calculated on. Oh, my friends, that idea comes simply from those who think that all society should be careful to guard the interest of the creditor neglect every right that a debtor has. "I notice that some of our critics are very much excited because the Chicago platform says that we pledge ourselves to secure such legislation as will for the future pre-vent contracts for a particular kind of vent contracts for a particular kind of money. Why, they say that we are not going to let people contract. We are not going to let them make contracts that are against public policy; we do not intend that they shall demonetize by private contract what this government makes money by universal law. You say that we have no right to interfere with private contracts. I ask one of you to enter into a contract to collect 20 per cent. Interest and see whether the government has any right to interfere with it. Upon what theory is usury law based? It is based upon the theory that the men who borrow money need to be protected from the avarice of the man who loans them money. That is

the man who loans them money. That is the basis of all usury laws, and when a

right to prevent gold contracts or silver contracts than you have to prevent one individual from agreeing to pay another more than a certain amount of interest. Talk about freedom of contract; why, there can only be freedom of contract between people who stand upon an equal feeting. When one is under duress it is not footing. When one is under duress it is not freedom of contract. It is freedom to extort and protection to the extorter. My friends, our opponents, having been defeated in their efforts to convince the peo-ple that the gold standard ought to be naintained, are seeking to do now what they have always sought to do, win the battle on another issue, and having won the battle carry the gold standard a little

Mr. Bryan spoke at the armory again in the afternoon to "ladies only." The place was filled with women who waved flags and gave cheers for the candidate. Just as Mr. Bryan was about to begin his address he Bryan was about to begin his address he noticed a large number of men in the windows on the roof of the building, and, fearing danger, he declined to proceed till the roof was cleared. His speech was on lines made familiar by him on previous occasions, and was in the main a general discussion of the financial issue.

Mr. Bryan's other speeches before midnight were at the Transit House, Union Stock Yards, St. Paul's school, Ambrose street and Hovne avenue: Novotny's Hall.

## METHODIST BISHOPS.

row evening at 6 o'clock.

Annual Meeting for Fixing Dates of District Conferences. PITTSBURG, Oct. 28 .- The annual conference of the board of bishops of the Methodist Episcopal Church began here this morning and will continue for two weeks. Fifteen of the eighteen bishops comprising the board are present. Their names are: Bishops Merrill, Foss, Andrews, Warren, Hurst, Ninde, Vincent, Mallalieu, Walden, Fowler, Fitzgerald, Newman, McCabe, Cranston and Bowman. Bishop Thoburn, of India, and Bishop Hartzeil, of Africa, will be here for consultation. The absentees are Bishop Joyce, who is at present in India, Bishop Goodsell, who is in Europe, and Bishop Foster, who, owing to his advanced age, did not feel equal to the work of attending the meeting. The sessions of the board are secret, but a number of public meetings will be held. To-day's session was voted to a discussion of the work of the fall conferences and arranging dates for the spring conferences. Bishop Merrill presided. This evening the visiting bishops were tendered a reception at Christ M. E. Church, in the East End.

Episcopal Missionary Council. CINCINNATI, Oct. 28.-The missionary council of the Episcopal Church was largely attended to-day, the representation being gold dollar we shall pay you in that silver dellar.' You say that that is repudiation. I deny it. They bought our bonds only a Williams of Marquette: Bishop D. S. Tut-Williams, of Marquette; Bishop D. S. Tuttle, of Missouri, and others. To-morrow the Woman's Auxiliary will hold its twenty-fifth anniversary and be addressed by Dr. W. S. Langford and others.

In the afternoon an address was delivered by Ewing L. Miller on "The Brotherhood of St. Andrew and Missions." Rev. Irving

P. Johnson, of South Omaha, read a paper on "Associate Missions." A few facts from the report on the women's auxilliary were ment that its collections in the last twenty-five years for missions aggregated \$5,150,170; also that the collections last year were \$55,198. Bishop Peterkin's resolutions discussed yesterday looking to improving the mission work were adopted. They propose to levy definite contributions annually from each diocese through diocesan auxiliary boards to be hereafter organized. To-night the church club of Cincinnati gave a recep-tion at Scottish Rite Cathedral to members

of the council. Close of the W. H. M. S. Convention. SPRINGFIELD, Ill., Oct. 28.-The annual convention of the Woman's Home Missionary Society of the Methodist Episcopal Church of the United States closed to-day. The next meeting will be in Baltimore, Md. the basis of all usury laws, and when a man tells me that we have not the right to protect the money of the United States against the conspiracy of those who would degrade it, I tell you that we have more the batting with the hard three showed the societies in the various conferences to be in a flour-ishing condition, and contributions good despite the hard times. Mrs. Mickman, of Cleveland, O., resigned as secretary of the

Texas bureau on account of the burden-some work, and Mrs. Murphy, of Mt. Pleas-ant, Ia., was elected to fill the vacancy.

DUE TO CARELESSNESS. Coroner's Jury Fixes Responsibility

for the 'Frisco Collision. ST. LOUIS, Oct. 28 .- The coroner's jury that investigated the collision of Sunday, which resulted so fatally, has returned a verdict finding that it was due to the carelessness of George Atwood, conductor, and J. A. Dryden, engineer in charge of the west-bound train and the failure of the St. Louis & San Francisco Railroad Company in this case to exercise proper super-vision over the movement of its trains. An-other name must be added to the list of fatalities. John H. Dressing, a painter, is unconscious and the attending physicians state that he cannot live. This will make nine deaths as a result of the wreck.

Fatal Natural Gas Explosion. PITTSBURG, Oct. 28.-An explosion of natural gas at Avalon, a suburb of Allegheny, about 1:30 o'clock this morning. killed Bessie Osborne, aged thirteen years, and seriously injured her brother Gale, aged nine years, and her sister Ruth, aged six years. The house was badly wrecked. The explosion was caused by a leak in the kitchen pipes.

A san sequel to the death of Bessie Osborne developed this evening when Walter R. Ritchey, a cousin of the young girl, became violently insane and attempted to murder the members of his family. Ritchey is twenty-four years old and the son of highly respected parents living in Allegheny. He was exceedingly fond of his cousin Bessie and the shock caused by her terrible death, it is supposed, unsettled his reason. He is now confined in a padded cell in the Allegheny General Hospital. A raving maniac. nine years, and her sister Ruth, aged six

Volunteer Fireman Injured. ATTALA, Ala., Oct. 28.-W. P. Sheehan's hotel was destroyed by fire last night. Three of the volunteer fireman were tadly injured by a falling roof, one of them, Waiter Cox, having both thighs broken. Mc-Donough and Parrish, two spectators, were also injured. Cox also received internal injuries and is not expected to live. Loss on building about \$2,500, fully covered by in-

Savings Bank Closed. BIG RAPIDS, Mich., Oct. 28.—The Mecosta County Savings Bank of Big Rapids is embarrassed and Cashier Cunningham says it will not open its doors to-morrow. President D. F. Comstock refuses to talk. A statement published Oct. 6 showed resources of \$302,000, of which some \$44,000 was cash on hand. There has been a light but steady run on the bank for the past, few days. It is believed that the assets will equal the liabilities.
